

# BALIXOLOGY

[buh.leek.sol.uh.jee]  
noun, usually facetious

The art of preparing mixed drink by our Balixologist using herbs, spices, fruits and vegetables that are locally sourced.

---

Tree Bar is inspired by the lush flora that encompasses Bali. More than just an interpretation of the island, Tree Bar is our ode to Bali's sacred heritage. One of the first things that you will notice coming to this bar is our Pule Tree'-a mystical tree widely used by carvers to make Balinese traditional masks-which is believed to hold spirit.

As we pride ourselves in supporting almost everything local. We are collaborating with local producers to create a home made variety of flavors on infused arak.

---

We invite you to imbibe and experience Tree Bar's program where we take a modern approach on a new flavor through an understanding of the Balinese heritage, creating an inspired new taste experience.

Ask our Balixologist to take you on that journey.
